次の計算をし、整数の商と余りを答えなさい。

(1)
$$4.5 \div 0.6 = 7 \cdots 0.3$$
 (2) $8 \div 2.3 = 3 \cdots 1.1$

$$(2)$$
 $8 \div 2.3 = 3 \cdots 1.1$

(3)
$$11.3 \div 2.7 = 4 \cdots 0.5$$
 (4) $9.1 \div 0.6 = 15 \cdots 0.1$

$$(4)$$
 $9.1 \div 0.6 = 15 \cdots 0.1$

(5)
$$59.6 \div 2.56 = 23 \cdot \cdot \cdot \cdot 0.72$$
 (6) $5.2 \div 0.23 = 22 \cdot \cdot \cdot \cdot 0.14$

$$(6) \quad 5.2 \div 0.23 = 22 \cdots 0.14$$

(7)
$$50 \div 17.6 = 2 \cdots 14.8$$
 (8) $60.6 \div 11.1 = 5 \cdots 5.1$

(8)
$$60.6 \div | 1.1 = 5 \dots 5.1$$

(9)
$$7.26 \div 0.32 = 22 \cdots 0.22$$
 (10) $57.9 \div 3.47 = 16 \cdots 2.38$

$$(10)$$
 57.9 ÷ 3.47 = 16···2.38
