Tracing practice for numbers 2, 5, and 7. The number 2 is formed by stroke 1 (curved down) and stroke 2 (horizontal across). The number 5 is formed by stroke 1 (vertical down) and stroke 2 (curved top and bottom). The number 7 is formed by stroke 1 (vertical down) and stroke 2 (horizontal top). Each number is shown with dashed lines for tracing and solid lines for reference. Above the numbers are illustrations of green and orange leaves.

Tracing practice for numbers 6, 3, and 9. The number 6 is formed by stroke 1 (curved counter-clockwise) and stroke 2 (vertical down). The number 3 is formed by stroke 1 (curved left) and stroke 2 (curved right). The number 9 is formed by stroke 1 (curved counter-clockwise) and stroke 2 (vertical down). Each number is shown with dashed lines for tracing and solid lines for reference. Above the numbers are illustrations of green and orange leaves.

Tracing practice for numbers 4, 2, and 6. The number 4 is formed by stroke 1 (vertical down) and stroke 2 (horizontal across). The number 2 is formed by stroke 1 (curved down) and stroke 2 (horizontal across). The number 6 is formed by stroke 1 (curved counter-clockwise). Each number is shown with dashed lines for tracing and solid lines for reference. Above the numbers are illustrations of green and orange leaves.

Tracing practice for numbers 8, 1, and 9. The number 8 is formed by stroke 1 (curved counter-clockwise) and stroke 2 (curved clockwise). The number 1 is formed by stroke 1 (vertical down). The number 9 is formed by stroke 1 (curved counter-clockwise) and stroke 2 (vertical down). Each number is shown with dashed lines for tracing and solid lines for reference. Above the numbers are illustrations of green and orange leaves.
