This activity block contains three 2x5 grids of candy outlines. The first grid has 6 blue candies in the top row and 1 pink candy in the first column of the second row. The second grid has 1 pink candy in the first column of the second row. The third grid is empty. Below the grids are tracing guides for the number 6, a plus sign, and the number 1. The number 6 is formed by a curved line (1) and a horizontal line (2). The plus sign is formed by a vertical line (1) and a horizontal line (2). The number 1 is formed by a single vertical line (1). To the right of the tracing guides are two horizontal lines, each with a red dot at the start and an arrow pointing right, representing the answer to the addition problem.

This activity block contains three 2x5 grids of candy outlines. The first grid has 4 blue candies in the top row. The second grid has 2 pink candies in the first two columns of the second row. The third grid is empty. Below the grids are tracing guides for the number 4, a plus sign, and the number 2. The number 4 is formed by a diagonal line (1) and a vertical line (2). The plus sign is formed by a vertical line (1) and a horizontal line (2). The number 2 is formed by a curved line (1) and a horizontal line (2). To the right of the tracing guides are two horizontal lines, each with a red dot at the start and an arrow pointing right, representing the answer to the addition problem.

This activity block contains three 2x5 grids of candy outlines. The first grid has 1 blue candy in the first column of the top row. The second grid has 7 pink candies in the top row and the first two columns of the second row. The third grid is empty. Below the grids are tracing guides for the number 1, a plus sign, and the number 7. The number 1 is formed by a single vertical line (1). The plus sign is formed by a vertical line (1) and a horizontal line (2). The number 7 is formed by a horizontal line (1) and a diagonal line (2). To the right of the tracing guides are two horizontal lines, each with a red dot at the start and an arrow pointing right, representing the answer to the addition problem.

This activity block contains three 2x5 grids of candy outlines. The first grid has 3 blue candies in the top row. The second grid has 6 pink candies in the top row and the first two columns of the second row. The third grid is empty. Below the grids are tracing guides for the number 3, a plus sign, and the number 6. The number 3 is formed by a curved line (1) and a horizontal line (2). The plus sign is formed by a vertical line (1) and a horizontal line (2). The number 6 is formed by a curved line (1) and a horizontal line (2). To the right of the tracing guides are two horizontal lines, each with a red dot at the start and an arrow pointing right, representing the answer to the addition problem.

Activity 1: Candy counting and number tracing. The top row shows a 4x5 grid of candies with 4 blue candies in the first row and 1 pink candy in the second row. Below are tracing guides for the number 4 (two strokes: diagonal down-right, vertical down), a plus sign (+), the number 1 (one stroke: vertical down), and an equals sign (=) with two horizontal strokes.

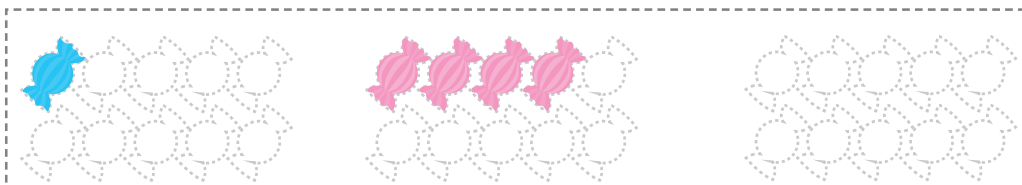

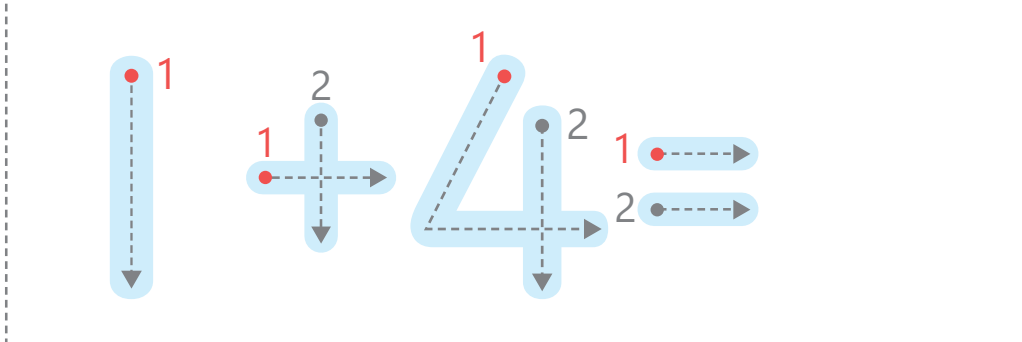

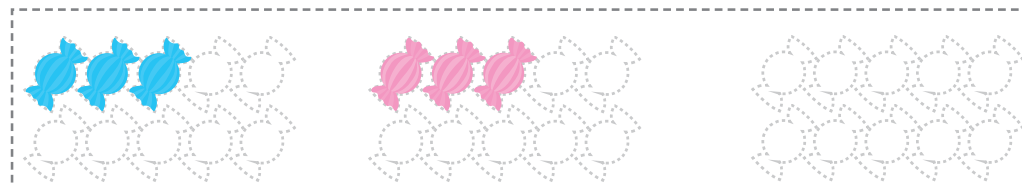

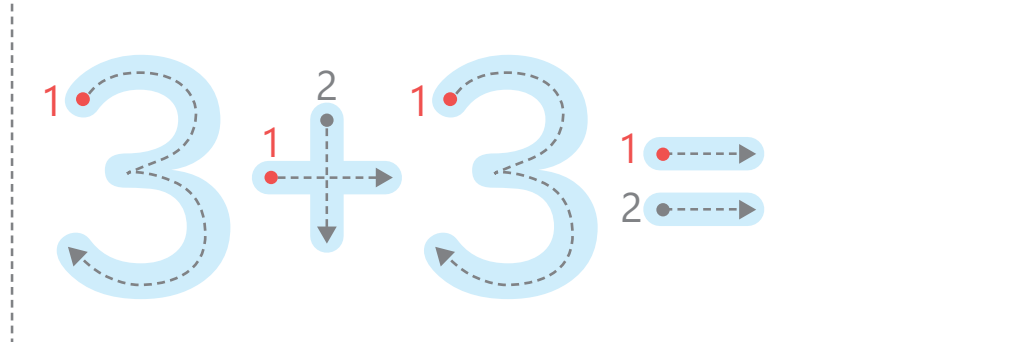

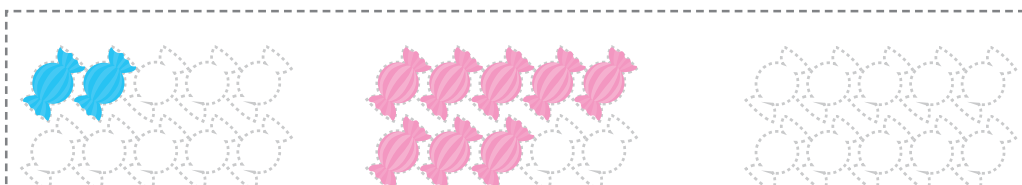

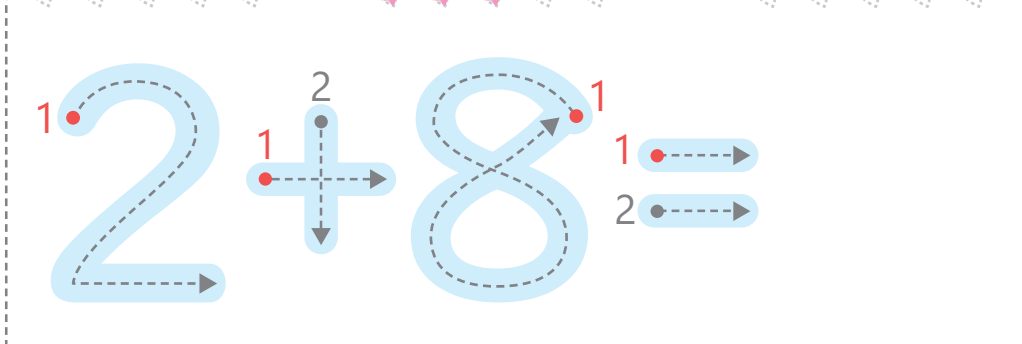

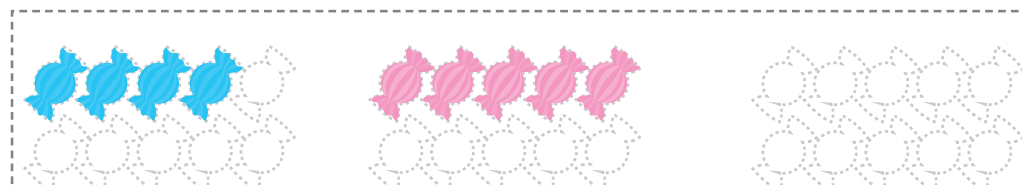

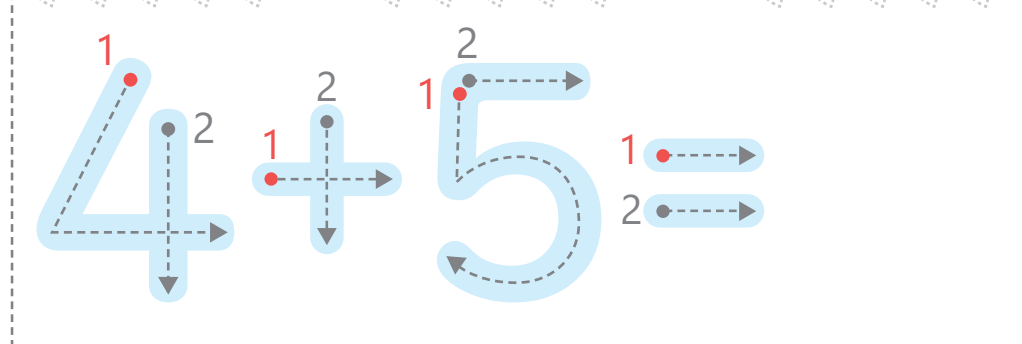

Activity 2: Candy counting and number tracing. The top row shows a 4x5 grid of candies with 3 blue candies in the first row and 3 pink candies in the second row. Below are tracing guides for the number 3 (two strokes: curved down-left, vertical down), a plus sign (+), the number 3 (two strokes: curved down-left, vertical down), and an equals sign (=) with two horizontal strokes.

Activity 3: Candy counting and number tracing. The top row shows a 4x5 grid of candies with 2 blue candies in the first row and 4 pink candies in the second row. Below are tracing guides for the number 2 (two strokes: curved down-left, horizontal right), a plus sign (+), the number 6 (two strokes: curved down-left, circular), and an equals sign (=) with two horizontal strokes.

Activity 4: Candy counting and number tracing. The top row shows a 4x5 grid of candies with 2 blue candies in the first row and 4 pink candies in the second row. Below are tracing guides for the number 2 (two strokes: curved down-left, horizontal right), a plus sign (+), the number 5 (two strokes: horizontal right, curved down-left), and an equals sign (=) with two horizontal strokes.

The number 6 is formed by a single stroke (1) starting from the top right, curving down, and then going left. The number 8 is formed by two strokes: stroke 1 is the same as the number 2, and stroke 2 is the same as the number 6. Arrows and numbers 1 and 2 indicate the direction and order of strokes.

Tracing practice for the number 7. It shows three candy patterns: blue circles, pink circles, and a mix of blue and pink circles. Below the patterns, the number 7 is formed by adding 2 and 5. The number 2 is formed by a single stroke (1) starting from the top left, curving down, and then going right. The number 5 is formed by two strokes: stroke 1 is a vertical line down, and stroke 2 is a horizontal line across the top from left to right. The number 7 is formed by two strokes: stroke 1 is a vertical line down, and stroke 2 is a horizontal line across the top from left to right. Arrows and numbers 1 and 2 indicate the direction and order of strokes.

Tracing practice for the number 9. It shows three candy patterns: blue circles, pink circles, and a mix of blue and pink circles. Below the patterns, the number 9 is formed by adding 3 and 6. The number 3 is formed by two strokes: stroke 1 is a curve from top left to bottom left, and stroke 2 is a curve from top right to bottom right. The number 6 is formed by a single stroke (1) starting from the top right, curving down, and then going left. The number 9 is formed by two strokes: stroke 1 is the same as the number 3, and stroke 2 is the same as the number 6. Arrows and numbers 1 and 2 indicate the direction and order of strokes.

Tracing practice for the number 5. It shows three candy patterns: blue circles, pink circles, and a mix of blue and pink circles. Below the patterns, the number 5 is formed by adding 1 and 4. The number 1 is a single vertical stroke down.
